- Community meetings with the local people 10
- Cultural and recreational activities for youth 8
- Open dialogue sessions. 10

1. Background of the project :

The Palestinian Youth are suffering from lack of civil education based on Democracy and Civilian society. This problem reflects negatively on their daily behaviors and attitudes in the different aspects of life.

It is evidently known that Israeli occupation distorted this civil awareness among youth because of the occupation-based policy followed by the Israeli occupation. The evolution of the national Authority didn't establish sufficient and solid base for reinforcing and encouraging civil society.

Youth People are considered to be the core unit that any society depends on for constructive change toward democracy, human rights and civil culture.

Therefore, we targeted the youth (18 –25) to implement this education, to equip them with the weapons which enable them to create healthy, civil and democratic society based on positive interaction and continuous creativity from one hand, and from the other hand eradicating violence chauvinism and fanaticism out of the Society.

2. Project Objectives and expected results :

1. Reinforce the concepts of democracy and human rights into the Youth awareness.
 - 1- Change their attitudes toward the eventually build up healthy civil society.
 - 2- Treat and modify the serious negative attitudes resulting from distorted awareness.
 - 3- Encourage positive interaction among youth and emphasize mutual respect regardless of sex, and ideology.
 - 4- Emphasize the significance of Democratic Dialogue as a basic for health relationship and conflict resolution.
 - 5- Provide the youth with skills, knowledge and attitudes to enable them to work effectively with their local communities.

3. Project strategy, activities and implementation :

The project duration is 6 months divided as follow :

I. Preparation stage: (2 weeks).

II. Training stage (4 weeks)

- Duration of the course (100 training hours)
- No. of trainees are (20).
- Training will be 5 hrs. a day for 5 days weekly.
